

Your PLR License Terms For

Unique PLR Gift Pack

First of all, thank you for downloading this gift pack!

I wanted to keep the license simple because nobody wants to spend half an hour trying to figure out what they can and cannot do with a few articles.

So here it is.

What You CAN Do

You have very flexible rights to the content included in this package.

You may:

- ✓ *Edit, rewrite, shorten, expand, or completely change the articles.*
- ✓ *Add your own name, business name, or branding.*
- ✓ *Use the content on your blog, website, newsletter, or social media.*
- ✓ *Turn the articles into reports, ebooks, checklists, guides, or other products.*
- ✓ *Use them as lead magnets or subscriber gifts.*
- ✓ *Include them inside a membership site or course.*
- ✓ *Use them as bonuses with your own products.*
- ✓ *Sell the finished content after you have rebranded or repackaged it.*
- ✓ *Use the material for client projects.*

In other words, make the content your own and put it to work.

What You CANNOT Do

There is just one important restriction.

✗ You may not pass on these articles with PLR rights, resale rights, master resale rights, or giveaway rights attached.

That means your customers can receive or buy the finished product from you, but they cannot turn around and claim the same rights that you received with this package.

Please do not sell or distribute the original files as another PLR package.

One Simple Rule

Use it.

Change it.

Brand it.

Sell what you create from it.

Just don't pass the original rights on to the next person.

That's it.

I hope these articles save you some time, give you a few new ideas, and help you create something useful for your own audience.

Enjoy!
